Imager AF*1 is available using all the ZUIKO DIGITAL lenses when supported by the E-30, E-620, E-520 and E-420. You can enjoy AF Live View shooting comfortably at higher speed when used with the lenses compatible with high-speed imager AF.

MMF-1 : This lens mount adapter makes it possible to mount any ZUIKO DIGITAL lens on the PEN series for use in AF*1 shooting.

*1 It may be slow or difficult to focus with imager AF, depending on shooting situations or lenses.

* Release plan and specifications are subject to change without notice.
